# Collin's Law Report 2025-6

Published July 17, 2026

As part of Shawnee State University's commitment to a safe and respectful campus environment that aligns with our institutional values, members of the university community have the right to be free from all forms of hazing which impede the realization of the university's mission of preparing students to succeed. Prevention of hazing is the responsibility of every member of the University community, including students, student organizations, teams, employees, volunteers, and alumni. The university does not tolerate hazing in any form, and all members of the university community must conduct themselves in a manner that supports an environment free from hazing. In compliance with Collin's Law, the following report identifies all hazing violations from January 1, 2021, through the publication date. Personal identifying information for individual students, including organization names, has been removed in accordance with the Family Educational Rights and Privacy Act of 1974. Collin's Law requires universities to report hazing violations for the last five years semiannually by January 15, 2026 and August 1, 2026.

Collin's Law requires Ohio institutions to maintain a report of all violations of the institution's policy, including the following:

| Organization Name<br>Incident Date:<br>Charge Date: | | |
|---|---|---|
| General Description | Resolution Date | Violations and Sanctions |
| | | |
